

CLOSET SOLUTION CATALOGUE

Closet Solution is committed to providing only the finest quality products that meet or exceed modern manufacturing standards.

We continually refine our processes and designs to ensure you get the most beautiful, functional and durable storage systems available anywhere.

Working hand-in-hand with our exclusive suppliers allows us to reduce costs and pass the savings onto you.

Not sure where to start?
No problem! Contact one of our professional associates today and we'll guide you through the entire process.

OUR PROCESS

Our products come with a full warranty to provide peace of mind against accidental damages or future repairs. Additionally, we offer 3D designs of every project so you can see exactly how your new closet will look and feel before you receive it. We also use the latest high-tech CNC equipment in our production facility to ensure each piece is precisely cut for a perfect fit every time.

Step 1 - Design Phase

After contacting Closet Solution, one of our friendly agents will arrange for a free in-home consultation to discuss your specific needs. Once on-site, our designers will measure your existing space, thoroughly assess your storage requirements and listen carefully to understand what matters most to you about your new organization solution.

Step 2 - Project Review

Once the project details have been reviewed, our design experts will create a stunning 3D-model of your new closet so you can see how it will look and feel before the order is finalized. This extra step allows you to examine every inch of the project and ensure you are completely satisfied with the final design.

Step 3 - Custom Build

Our team of artisans and craftsmen go to work in our high-tech manufacturing facility to create the custom closet or storage solution of your dreams. We use only the finest materials and high-quality components to ensure your beautiful new closet will provide years of trouble-free service.

Step 4 - Installation

Your new custom closet will be installed at your convenience under the supervision of our master installers and crew members. We treat your home like our own – making sure to protect walls and floors during installation and maintain a clean, safe work environment at all times. Afterwards, we haul away any leftover materials or debris and leave your home and new closet clean and ready to use.

Step 5 - Enjoy!

You will love arranging your new organized space to suit your preferences and reflect your unique style. Many people are surprised at just how different and refreshing their home feels after their closet or storage upgrade.

ESSENTIAL SERIES

The Essential Line is our most cost-effective option for those wanting to increase storage space without sacrificing on quality or value. The simple, yet elegant snowy finish creates a uniform look that compliments any space.

- ☐ Clear White Finish
- ☐ 12" deep sections
- ☐ 16" deep soft-close drawers
- ☐ Modern slab faces
- ☐ Handles or Knobs from Stock collection
- ☐ Wall mount off-floor construction
- ☐ Backless design

Optional Upgrades:

- ☐ Full line of accessories

Essential Series

Can basic still be beautiful? We think so. With clean lines, adjustable shelving and a classic white finish our Essential Series proves that simplicity is the ultimate form of sophistication.

DESIGN SERIES

The design line is our mid-level closet offering suitable for a wide variety of room arrangements. Decorated to fit in the modern home, this line offers optional upgrades on top of its standard features.

HANDLES

Handle - Sensational
This durable silver handle creates a pristine look, perfect for any room style. Excellent use of neutral colors and easy installation make it a great choice all-around. The rich metal accents create a lively, energetic atmosphere.

Handle - Element
This handle emphasizes a slim and elegant design, great for a more subtle look. Available in both a Satin Nickel and Chrome finish.

Handle - Simplicity
This handle has a streamlined and simple look to bring out a quality modern design. A great handle to accent any existing cabinet or drawer unit.

Handle - Expression
This handle has a flat, rectangular shape. With a half-round post at both ends, it brings sharp impact to a traditional modern look.

Handle - Elegance
This inviting handle features a modern beveled design, perfect for any sophisticated look. Its clean finish adds a soothing atmosphere to any space.

Handle - Symphony
This handle carries a unique antique silver finish with a sculptured pattern. A fascinating design that brings attention to any closet or shelving unit.

Handle - Precious
This sophisticated handle features a line of crystal that extends vertically along the handle. The chrome finish gives it an elegant look perfect to add style to any room.

Handle - Always Right
This elegant handle features a white high-quality PVC stripe that adds an additional element of customization. It can match the cabinet color or contrast it; that's why it's always the right choice.

Handle - Determination
This thicker handle offering adds a firm feeling of strength to any closet or drawer unit. Add impact to your space with this high-quality handle.

Our beautiful custom closets are designed to make a statement on their own but pairing them with the right hardware helps to tie it all together.

Whether you prefer classic, modern or contemporary styling you're sure to find options that suit your taste.

KNOBS

Knob - Buzz
Elegant round knob

Knob - Symphony
Antique silver finish
Sculptural pattern.

Knob - Vibrant
This silver door knob is one of our standard products and fits well with any kind of decor. Designed to catch everyone's attention.

Knob - Brilliant
So eye-catching. Available in two finishes: Satin Nickel and Chrome.

Knob- Idealistic
Knob- Idealistic.

Knob- Splash
Round Knob with glass finish and a chrome base.

Knob- The Shine in Your Eyes
Round Knob with crystal finish and a chrome base.
